What can you expect?

In this 3-hour comprehensive workshop, the journey begins with explaining Barn Hunt, and the different levels, classes and title requirements. The demonstration will include an Instinct and Novice run with Leila's Labrador Laurier, RACHX.

Leila will introduce the dogs and handlers to the elements of Barn Hunting. She will begin the hands-on journey with a rat introduction in which the rat(s) are in a small crate visible to the dogs. This will stimulate their prey drive and introduce the associated rat smell.

Participants will practice the climb (ramp) and straight tunnel. The dog will experience scenting a rat in an official Barn Hunt tube. Both clear and food reward specialty tubes will be used to teach the dog. This will help the dogs gain an understanding of the Barn Hunt game.

Next, the participants will practice finding a rat in the Instinct course (Barn Hunt Level 1). A tube cradle is used at this level and if successful, the dog and handler will progress to the Novice Level search.

Attendees will gain a solid knowledge of the sport of Barn Hunt. Enthusiasm and teamwork are key to a successful experience. Leila will guide handlers on recognizing their dog's way of identifying the rats. Climb, ramp, tunnel and ring procedures will also be covered. All of the skills necessary for building a solid, brilliant foundation!

Teams will receive informative literature.

All teams will have a chance to play and have **FUN!**

About Sylvain Anichini , assistant Leila Anichini BH Judge

Sylvain Anichini was born in Paris, France. He came to The United States to follow a path in engineering, graduating with a degree in Mechanical Engineering from NJIT. While going to school, he regularly worked at his family owned and operated full service grooming shop, where he assisted his mother, Leila Anichini in grooming and training.

After finishing school, dogs became a larger part of his life. He expanded his knowledge in canine behavioral studies and decided to make it his passion, then later, his career.

He opened Stonehedge Kennel with his mother Leila in 1999 and for the past 18 years has been a dog specialist, from boarding, grooming, training, breeding and behavioral studies.

Over the years he has been hands on working with every temperament and sized dog imaginable. It wasn't a surprise when he decided to open Stonehedge Barn Hunt alongside his mother Leila. Since its creation he has used his 25 plus years of experience to host many successful Barn Hunt Club trials and seminars at Stonehedge Kennel.

His training method has been the core of many titles that Stonehedge Team holds in the sport of Barn Hunt.
